THE PANTRY

2019

Here at the Pantry we love food, its that simple. Food that is seasonal, food that is tasty and food that comes from the heart. Our ethos is simple, but our food is anything but...

Passionate about local and seasonal produce our menus at The Pantry change frequently and our event menus are the same. We work closely with local suppliers and producers and embrace all that Scotland's Larder has to offer.

We are Charlotte and Chris Thompson, and along with our foodie army we are taking on traditional event catering.

We want you to enjoy the food you like to eat in a refined rustic style; focusing on great food, great flavours and bringing the best of the season to your plate.

Together with our trusty TUCK TRUCK we want to make sure that your event food is a reflection of your event and brand and that your guests enjoy nothing more than excellent service and delicious food!

LETS TALK ABOUT ...
